PROFILE

Proficient Java developer well-versed in Java programming and SQL, embodying strong foundational programming principles. Dedicated to developing efficient, reliable applications. Recognized for adept problem-solving and collaborative teamwork skills. Eager to contribute expertise to software development projects.

WORK EXPERIENCE

Intern

Capgemini   July 2022 - Dec 2022

Project - 1
Hotel Management System
Role : Team Leader
(Java, Spring Boot - Backend Development, React JS - Frontend Development)

- The Hotel Management System (HMS) automates hotel operations by efficiently managing reservations, room types, inventories, and guest details.
- It caters to three distinct End Users Owner, Manager, and Receptionist offering varying access levels.
- The Owner can access unrestricted system access, while the Manager has comprehensive access with limitations, and Receptionists manage reservations exclusively.
- The HMS employs role-specific login functions, ensuring tailored access for each user. This system streamlines operations, optimizes guest accommodation, and enhances overall hotel management efficiency.

Project - 2
Bed Availability Portal
Role : Team Leader
(Java, Spring Boot - Backend Development, React JS - Frontend Development)

- The Bed Availability Portal project addresses the challenge of checking hospital bed availability amid COVID-19 limitations.
- The portal offers distinct user roles—Owner, Staff, and Customer. Owners manage bed availability in real time and oversee Staff responsibilities. Staff members ensure day-to-day operations under Owner supervision. .
- Customers securely log in to view live bed availability and make bookings. The application enables Owners to dynamically adjust bed availability while ensuring data security with a robust login system.
- By facilitating remote access to bed availability data, it supports public health measures during COVID-19, reducing physical visits. Its responsive design ensures easy access across devices, enhancing user convenience.

SOFT SKILLS

- **Communication**: Effective communication to facilitate collaboration and understanding.
- **Teamwork**: Strong team player with a history of successful group contributions.
- **Adaptability**: Quick to adjust and thrive in changing environments.
- **Problem-Solving**: Proactive in identifying and resolving complex issues.
